Anonymous person is using US mail to send post cards attacking City Council candidates in Indian Wells Calif. 92210. Post cards contain lies and slanderous comments with the attempt to affect the vote. One specific post card (enclosed) directs voter/receiver of post card to vote a specific way and is doing so anonymously, which I have been lead to believe is illegal and may be a felony. These post card mailings add up to approximately 8,000 plus, at an estimated cost of in excess of \$5,000.

I personally received theses post cards (enclosed) in the last two weeks of October 2012.

## WHO IS DANA W. REED?

Reed is a life-long political insider in California earning most of his personal fortune from taxpayers.

**Reed is the recently replaced City Attorney of Vernon, California.** Vernon is one of the few cities in California that paid their City Council and City Staff more than Indian Wells.

In the August 5th issue of the *Los Angeles Times*, the state auditor concluded that a legal relationship between the city and a law firm that was paid \$22 million was "highly unusual".

Reed and his ex-wife ran Political Action Committees to work around Irvine election laws for their candidate.

Reed is a life-long friend, neighbor and confidante of Pete Schabarum, the Los Angeles County Supervisor found guilty of felony tax evasion.

Indian Wells is Reed's secondary residence. He lives and works in Los Angeles and has stated that he is "at least two years away" from being a permanent resident of Indian Wells.

MEASURE "S" ON COUNCIL

Initiated by Pete Schabarum who was found guilty of felony tax evasion when he set-up a non-profit foundation with campaign funds and used the money to pay for personal expenses like his vacations.

Initiative was written by former Vernon City Attorney and City Council candidate Dana W. Reed as his way to use this lightning rod issue as a his path toward gaining control of our City.

Ballot initiative is a Trojan Horse. Political insiders from Los Angeles and Orange County are using Measure S as a way to gain control of our city for their purposes.

## THE REAL ~~THE~~ MERTENS

The Mertens are a couple who benefit more than most from the corrupted California Pension System.

Mertens talks about building "Public Trust" yet his wife, a former police officer, gossips about their political adversaries.

Does the Council need another discreetly divisive Councilman who uses his wife to disseminate rumors discrediting his rivals?

What was Mertens solution to the \$250,000 donation by the City to the Children's Discovery Museum?

He suggested that the City open an escrow account that residents could give their money to and then the City would award the Discovery Museum with a check once RESIDENTS donated \$50,000. ~~But?~~

During the last month of the Indian Wells City Council election several derogatory mailings began to appear.

I have attached all copies to this form. The mailings began during the first part of Oct. and continued thru most of the month.

Candidates attacked are: B. Powers, T. Mertens B. Binafide, D. Reed and T. Peabody.

No one signed these mailers or have stepped up to admit they produced them. Estimated cost of these materials is \$15,000 to \$18,000! Not a way to run an election. We must find out who is doing this.

**Description, With as Much Particularity as Possible, of Facts Constituting Alleged Violation and how you have personal knowledge that it occurred\*\***

Please see all attached copies of printed materials sent to all residents during these last weeks of the Indian Wells City Council election. These negative materials have been sent on 5 of the candidates. No names have been signed on these materials to state who is sending them.

I received all these items in my mail. It is disgusting! We need to find out who is spending such funds.

## THE REAL TED MERTENS

The Mertens are a couple who benefit more than most from the corrupted California Pension System.

Mertens talks about building "Public Trust" yet his wife, a former police officer, gossips about their political adversaries.

Does the Council need another discreetly divisive Councilman who uses his wife to disseminate rumors discrediting his rivals?

What was Mertens solution to the \$250,000 donation by the City to the Children's Discovery Museum?

He suggested that the City open an escrow account that residents could give their money to and then the City would award the Discovery Museum with a check once RESIDENTS donated \$50,000. Huh?

## WHO IS DANA W. REED?

Reed is a life-long political insider in California earning most of his personal fortune from taxpayers.

**Reed is the recently replaced City Attorney of Vernon, California.** Vernon is one of the few cities in California that paid their City Council and City Staff more than Indian Wells.

In the August 5th issue of the *Los Angeles Times*, the state auditor concluded that a legal relationship between the city and a law firm that was paid \$22 million was "highly unusual".

Reed and his ex-wife ran Political Action Committees to work around Irvine election laws for their candidate.

Reed is a life-long friend, neighbor and confidante of Pete Schabarum, the Los Angeles County Supervisor found guilty of felony tax evasion.

Indian Wells is Reed's secondary residence. He lives and works in Los Angeles and has stated that he is "at least two years away" from being a permanent resident of Indian Wells.

## MEASURE "S" ON COUNCIL PAY

Initiated by Pete Schabarum who was found guilty of felony tax evasion when he set-up a non-profit foundation with campaign funds and used the money to pay for personal expenses like his vacations.

Initiative was written by former Vernon City Attorney and City Council candidate Dana W. Reed as his way to use this lightning rod issue as a his path toward gaining control of our City.

Ballot initiative is a Trojan Horse. Political insiders from Los Angeles and Orange County are using Measure S as a way to gain control of our city for their purposes.

## THE REAL TED MERTENS

The Mertens are a couple who benefit more than  
most from the corrupted California Pension System

Mertens talks about building "Public Trust"  
yet his wife, a former police officer, gossips  
about their political adversaries

Does the Council need another discreetly  
divisive Councilman who uses his wife to  
disseminate rumors discrediting his rivals?

What was Mertens' ulterior to the \$250,000 donation  
by the City to the Children's Discovery Museum?

He suggested that the City open an escrow account  
that residents could give their money to and then the  
City would award the Discovery Museum with a check

## WHO IS DANA W. REED?

Reed is a life-long political insider in California earning most of his personal fortune from taxpayers.

**Reed is the recently replaced City Attorney of Vernon, California.** Vernon is one of the few cities in California that paid their City Council and City Staff more than Indian Wells.

In the August 5th issue of the *Los Angeles Times*, the state auditor concluded that a legal relationship between the city and a law firm that was paid \$22 million was "highly unusual".

Reed and his ex-wife ran Political Action Committees to work around Irvine election laws for their candidate.

Reed is a life-long friend, neighbor and confidante of Pete Schabarum, the Los Angeles County Supervisor found guilty of felony tax evasion.

Indian Wells is Reed's secondary residence. He lives and works in Los Angeles and has stated that he is "at least two years away" from being a permanent resident of Indian Wells.

**MEASURE "S" ON COUNCIL PAY**

Initiated by Pete Schabarum who was found guilty of felony tax evasion when he set-up a non-profit foundation with campaign funds and used the money to pay for personal expenses like his vacations.

Initiative was written by former Vernon City Attorney and City Council candidate Dana W. Reed as his way to use this lightning rod issue as a his path toward gaining control of our City.

Ballot initiative is a Trojan Horse. Political insiders from Los Angeles and Orange County are using Measure S as a way to gain control of our city for their purposes.

22 The parties agree to enter into this Stipulation to resolve all factual and legal issues raised in this

25 Respondents understand, and hereby knowingly and voluntarily waive, any and all procedural  
26 rights set forth in Sections 83115.5, 11503 and 11523 of the Government Code, and in Sections 18361.1

Enforcement Division | Fair Political Practices Commission

(Regulations of the Fair Political Practices Commission Title 2, Division 6, California Code of Regulations)

**§ 18225. Expenditure.**

(a) An expenditure is any monetary or nonmonetary payment made for political purposes.

A payment is made for political purposes if it is:

(1) For the purpose of influencing or attempting to influence the action of the voters for or against the nomination or election of a candidate or candidates, or the qualification or passage of any measure; or

(2) Made by:

(A) A candidate, unless it is clear from surrounding circumstances that the payment was made for personal purposes unrelated to his or her candidacy or status as an office holder;

(B) A controlled committee;

(C) An official committee of a political party, including a state central committee, county central committee, assembly district committee or any subcommittee of such committee; or

(D) An organization formed or existing primarily for political purposes as defined in subsection (a)(1), including but not limited to a political action committee established by any membership organization, labor union or corporation.

(b) "Expenditure" includes any monetary or non-monetary payment made by any person, other than those persons or organizations described in subsection (a), that is used for communications which expressly advocate the nomination, election or defeat of a clearly identified candidate or candidates, or the qualification, passage or defeat of a clearly identified ballot measure.

(1) "Clearly identified" has the following meaning:

(A) A candidate is clearly identified if the communication states his name, makes unambiguous reference to his office or status as a candidate, or unambiguously describes him in any manner.

(B) A group of candidates is clearly identified if the communication makes unambiguous reference to some well-defined characteristic of the group, even if the communication does not name each candidate. A communication that clearly identifies a group of candidates and expressly advocates their election or defeat is reportable as an expenditure, but the expenditure need not be allocated among all members of the class or group on the campaign statement reporting the expenditure.

(C) A measure that has qualified to be placed on the ballot is clearly identified if the communication states a proposition number, official title or popular name associated with the measure. In addition, the measure is clearly identified if the communication refers to the subject matter of the measure and either states that the measure is before the people for a vote or, taken as a whole and in context, unambiguously refers to the measure.

(D) A measure that has not qualified to be placed on the ballot is clearly identified if the communication refers to the subject matter of the measure and to the qualification drive.

(2) A communication "expressly advocates" the nomination, election or defeat of a candidate or the qualification, passage or defeat of a measure if it contains express words of advocacy such as "vote for," "elect," "support," "cast your ballot," "vote against," "defeat," "reject," "sign petitions for" or, within 60 days prior to an election in which the candidate or measure appears on the ballot, the communication otherwise refers to a clearly identified candidate or measure so that the communication, taken as a whole, unambiguously urges a particular result in an election.

(A) Except for those communications paid for with public monies by a state or local government agency and subject to Regulation 18420.1, a communication, taken as a whole, unambiguously urges a particular result in an election if it is susceptible of no reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure. A communication is susceptible of no reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure when, taken as a whole, it could only be interpreted by a reasonable person as containing an appeal to vote for or against a specific candidate or measure because:

1. The electoral portion of the communication is unmistakable, unambiguous, and suggestive of only one meaning; and
2. Reasonable minds could not differ as to whether it encourages a vote for or against a clearly identified candidate or measure, or encourages some other kind of action on a legislative, executive or judicial matter or issue.

(B) The following non-exhaustive examples, referring to candidates or measures on the ballot in an upcoming election, illustrate statements that in most contexts would be "susceptible of no reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure:" "Smith's the One;" "No Measure A;" "Rally 'round O'Malley;" "Create jobs with Measure X;" "Only Nancy Brown can clean out City Hall;" "Proposition 123 - your last chance to save California;" "Joe Green will earn your trust;" "Bob Boone is an unqualified, special-interest puppet;" "Shirley Hall - bad for California, bad for you."

(C) The following non-exhaustive examples, referring to candidates or measures on the ballot in an upcoming election, illustrate statements that would be susceptible of a reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure:

“Assemblymember Nancy Brown needs to be tough on criminals. Call her and tell her to stand firm on AB 100:” “Poor children need a home too. Support the Mayor's stance against more budget cuts.” “Thank you, Supervisor Smith, for continuing to support our farmers.”

(D) Safe Harbor. A communication does not “expressly advocate” the nomination, election or defeat of a candidate or the qualification, passage or defeat of a measure, within the meaning of this regulation, if:

1. It does not mention an election, candidacy, political party (unless required by law), opposing candidate, voting by the general public, and does not take a position on the character, qualifications or fitness for office of a candidate or officeholder, or the merits of a ballot measure, and;

2. it focuses on a legislative, executive or judicial matter or issue, either urging a candidate to take a particular position or action with respect to the matter or issue, or urging the public to adopt a particular position and to contact the candidate with respect to the matter or issue.

(E) Rules of Interpretation. If a communication does not qualify for the safe harbor defined above, the Commission shall consider whether the communication has an interpretation other than as an appeal to vote for or against a clearly identified candidate or measure, in order to determine whether, on balance, the communication is susceptible of no reasonable interpretation other than as an appeal to vote for or against a clearly identified candidate or measure.

(3) Reporting expenditures.

(A) The amount of an expenditure reportable pursuant to this subsection shall include all costs directly attributable to the communication, including but not limited to salaries, production, postage, space or time purchased, agency fees, printing and any additional administrative or

overhead costs attributable to the communication. The expenditure does not include any of the regular ongoing business overhead which will be incurred in similar amounts regardless of the communication.

(B) When printed or broadcast communications circulate outside the State of California, the expenditure may be calculated on the basis of the fraction of the total cost attributable to circulation within California.

(C) Costs directly traceable to the communication are reportable when the communication is made, or when payments are made in connection with the development, production or dissemination of the communication, whichever is earlier.

(D) The costs of printing and distributing petitions, recruiting, training and paying expenses of petition circulators, and other costs incurred in connection with qualification of a measure are reportable "expenditures."

(4) Notwithstanding the provisions of this subsection, the term expenditure does not include costs incurred for communications which expressly advocate the nomination, election or defeat of a clearly identified candidate or candidates or the qualification, passage or defeat of a clearly identified measure or measures by:

(A) Any broadcasting station (including a cable television operator, programmer or producer), website, or a regularly published newspaper, magazine or other periodical of general circulation, including any Internet or electronic publication, that routinely carries news and commentary of general interest, for the cost of covering or carrying a news story, commentary or editorial.

(B) A regularly published newsletter or regularly published periodical, other than those specified in paragraph (b)(4)(A), whose circulation is limited to an organization's members,

employees, shareholders, other affiliated individuals and those who request or purchase the publication. This paragraph applies only to the costs regularly incurred in publishing and distributing the newsletter or periodical. If additional costs are incurred because the newsletter or periodical is issued on other than its regular schedule, expanded in circulation, or substantially altered in style, size or format, the additional costs are expenditures.

(5) In addition, the term expenditure does not include uncompensated Internet activity by an individual supporting or opposing a candidate or measure as stated in Regulation 18215.2.

(c) Any payment used to make contributions, as defined in Section 82015 and Regulation 18215, is an expenditure.

VI NARRATIVE: On November 7, 2012, I contacted Mr. Carter regarding the unidentified mailers. On or about October 20, 2012, Mr. Carter contacted the Enforcement Division and indicated to a political reform consultant that he may have violated the Act. The consultant took down Mr. Carter's information and provided it to me regarding the complaints. In summary, Mr. Carter stated:

I asked Mr. Carter if he in fact, prepared, produced and/or disseminated the 4 campaign mailers that opposed Bear Bonafide, Ted Mertens, Edward Ty Peabody, Mitchell Blumberg, and Dana Reed. Mr. Carter stated that he only mailed one set of the flyers at the request of a friend. Believes he spent about \$1,500 but couldn't say for sure because he didn't have the receipt with him. I asked Mr. Carter if he would be willing to provide me with the name of the friend so we can find out who was responsible for the mailings. He stated that he was uncomfortable in giving me that information, but would contact the friend to see if he would mind revealing his name. I told Mr. Carter that I was going to send the complaints to him, and that his name was the one we would be looking at if no one else comes forward. I advised Mr. Carter to have the friend contact me ASAP. Mr. Carter provided me with his address to send the complaint.

## WHO IS DANA W. REED?

Reed is a life-long political insider in California earning most of his personal fortune from taxpayers.

**Reed is the recently replaced City Attorney of Vernon, California.** Vernon is one of the few cities in California that paid their City Council and City Staff more than Indian Wells.

In the August 5th issue of the *Los Angeles Times*, the state auditor concluded that a legal relationship between the city and a law firm that was paid \$22 million was "highly unusual".

Reed and his ex-wife ran Political Action Committees to work around Irvine election laws for their candidate.

Reed is a life-long friend, neighbor and confidante of Pete Schabarum, the Los Angeles County Supervisor found guilty of felony tax evasion.

Indian Wells is Reed's secondary residence. He lives and works in Los Angeles and has stated that he is "at least two years away" from being a permanent resident of Indian Wells.

## MEASURE "S" ON COUNCIL PAY

Initiated by Pete Schabarum who was found guilty of felony tax evasion when he set-up a non-profit foundation with campaign funds and used the money to pay for personal expenses like his vacations.

Initiative was written by former Vernon City Attorney and City Council candidate Dana W. Reed as his way to use this lightning rod issue as a his path toward gaining control of our City.

Ballot initiative is a Trojan Horse. Political insiders from Los Angeles and Orange County are using Measure S as a way to gain control of our city for their purposes.

**Secretary, Director and Treasurer of Nitro Lube, a penny stock company.**

**Nitro Lube has been headquartered in Pennsylvania, British Columbia, Washington, Indian Wells and now Switzerland. Financials have never been released to the public.**

**This company was a development stage automotive lubricant company that spun off "Easy Phone, Inc." EZPH, as a Nevada corporation distributing and leasing satellite phones then bought for land for mine exploration in Northern Canada.**

**Ticker symbol has been NTLB, NLUB, NLUI, EZPH (spin-off), USMM and UMKR since 2006!**

Attn: Enforcement Complaint Division

Dear Mr. Winuk:

At the City Council meeting on November 15, 2012, the City Council officially requested that a letter be sent to the FPPC supporting the FPPC's action to review the campaign literature known as "hit pieces" sent out during this last election period ending November 6, 2012. During this campaign the City of Indian Wells residents received a number of pieces of campaign literature (see enclosed sampling) on some of the council member candidates which appalled our residents. In the history of the City no one can recall this type of offensive literature ever being sent during an election.

The City understands many, many residents have filed complaints with the Enforcement Division of the FPPC requesting this matter be looked into to determine the responsible parties to these mailings. The City also understands that an investigation has begun on such mailings and appreciates the efforts being made to find out the responsible parties.

Please contact the City of Indian Wells when a determination of the violation(s) has been made.

Very truly yours,

Roderick J. Wood  
Interim City Manager
