Re-refined Oil

Did you know used oil can be re-refined into clean motor oil? Or that dumping just one gallon of oil into the ground can spoil over one million gallons of drinking water?

Two facts: 1) the modern economy is largely based on the automobile; and 2) many of the communities in Southern California, especially in the Coachella Valley, would not be possible without abundant supplies of clean, drinkable groundwater. What we do with our oil plays an important role in balancing our desire for convenient transportation with our desire for a clean and healthy environment today and for future generations.

Residents of the Coachella Valley have done a great job participating in the region's recycling programs. The fact that paper, plastic and metals are recycled in large numbers has made a great impact on the environment. But there is also a

well-established program to recycle used motor oil right at our disposal! When it's recycled, motor oil can be cleaned to standards just as pure as virgin motor oil. This re-refined oil honors warranties from manufacturers, and it is just as good for your car.

If you have your oil changed by a professional, ask if he/she offers re-refined oil. If you change your own oil, be sure to take it to a certified used-oil collection center. You can find the nearest center by visiting the directory of centers published by CalRecycle. Please visit the directory at the following website: www.calrecycle.ca.gov/UsedOil/Reports/CenterSearch/. For free pick-up of your used oil, please contact Burrtec at 1 (760) 340-2113 or www.burrtec.com.

Household Hazardous Waste and E-Waste Disposal

Household Hazardous Waste collection is now available 52 weeks a year right at your own home - no need to transport waste to City Hall or any other collection site. Simply call Burrtec at 1 (760) 340-2113 to schedule your pickup today. And while you are doing that, combine your request with other items you have been waiting to get rid of like all electronics (anything that plugs in or has a battery), old patio furniture that you no longer use, or old paint cans that you have been storing in the garage. Take advantage of the special services offered to residents at no charge. For additional information, call City Hall at 1 (760) 346-2489 x 227 or e-mail gogreen@indianwells.com.
